God has a purpose for every church. There is much that He wants to do through each church. However, it has been our experience that God gives each church and its leaders “crossroads moments” in their history where they must make decisions based on faith if they are to continue to be used to fulfill the purposes God has in mind for them. It has also been our experience that the current health of any church is a summation of the decisions made over many years.

BMI, in partnership with the North American Mission Board, is excited to bring “REVIVE: Christ and His Church” to Northern Florida! Dr. Richard Blackaby and Dr. Mark Clifton will unpack several significant truths from the “*Flickering Lamps*” and “*Reclaiming the Glory*” books as well as from their extensive ministry with pastors and churches.

Whether your church is experiencing positive spiritual health or finds itself struggling, it is vitally important to be oriented to the Headship of Christ. We encourage you to set aside time to attend the entire gathering in September, determined to park your heart before God, allowing Him to speak to you in fresh and transforming ways. Bring several of your key leaders as well so that together, you can experience God’s heart for you and your church!
